

CSI Shelter Technologies Welcomes Don Selke to our Sales Team

Don brings over 30 years of technical and design experience, success in building clients confidence, and an understanding of clients specific requirements and specifications. Don has acquired numerous state wide public safety communication projects with Motorola and the State Police in MI, IN, IL, and OH. He has experience in working with utility, transportation, commercial, state and federal government clients.

Don has developed lasting customer relationships, increased market share and built customer loyalty by paying attention to details.

Don's sales efforts will be supporting the upper Mid Western and mid Atlantic states. Please feel free to contact Don at dselke@sheltech.com
